And I reply I fantasise girl  
When am feeling on your thighs  
Dem picture eyes an like a lion  
Whol' har inna de night

My vibes, how mi clean  
Love the way my locks grow  
How mi rock mi gabardines  
And love how mi kingly  
So she want to be my queen  
She seh love de way  
Mi lay de heights de gold queen

[Chorus x2]

She seh she love deh by my side  
Because my aura is so royal  
Said she neva leave me  
And she would remain loyal

Just know the rastaman adores ya  
Love you endlessly

Now she want the loving on the highest grade  
So what you guh run, an escapade?  
Seh she feel bad an she nuh waan behave  
So I just let her have her ways, yeah

[Chorus x2]

Girl any time you're not around me  
You invade my every thought  
And the loving that you give me  
Plays music with my heart  
Plus she nuh care wah dem a seh  
So they can't tear us apart  
What fe share?  
Is not for sale, it can't be bought  
Now she wanna be my everything  
So I let her be my everything

And she gives me love  
She gets my love  
When we make love  
That's when we take off, yeah

[Chorus x2]

Girl I say you have my life  
Every single thing about you feels right  
And I don't ever wanna lose your love  
Girl you are my earth and my sky  
And I don't ever wanna tell you bye bye  
I know you love me and I love you the same
