

# Surrender

Kygo

I can never get enough  
Addicted to your love like sugar  
Oh, I want you way too much  
Even if I could escape, I wouldn't

I'm weak  
And you don't even say a word  
But your eyes speak

I feel so endless  
I'm so helpless

Got my hands in the sky, baby, I, I give up, I surrender  
I got used to the thought that I'd probably love you forever  
Always on a free fall, falling into your arms, falling  
Got my hands in the sky, baby, I, I give up, I surrender

Surrender  
Surrender

There ain't no going back  
When you feel the way I'm feeling  
You know you got me blind  
Don't wake me up if I'm still dreaming

I feel so endless  
I'm so helpless

Got my hands in the sky, baby, I, I give up, I surrender  
I got used to the thought that I'd probably love you forever  
Always on a free fall, falling into your arms, falling  
Got my hands in the sky, baby, I, I give up, I surrender

Surrender  
Surrender

Got my hands in the sky, baby, I, I give up, I surrender  
I got used to the thought that I'd probably love you forever
