

Undeniable

Kygo

Lied to myself, but I don't believe a word
And I tried to sabotage you, but when you're gone it hurts, and
I

[Pre-Chorus]

I used to get cold feet, I'd never go too deep
I was scared of the sound of a heartbeat

[Chorus]

But it's undeniable
What I feel for you
You know I've been wrong before
But you're undeniable, oh

[Post-Chorus]

But it's undeniable
But you're undeniable

[Verse 2]

You pull me in, and I push you away (Push you away)
'Cause I'm so paranoid, I got PTSD

[Pre-Chorus]

I used to get cold feet, I'd never go too deep
I was scared of the sound of a heartbeat

[Chorus]

But it's undeniable (Oh baby)
What I feel for you (Everything I feel for you)
You know I've been wrong before (So many times)
But you're undeniable, oh (Ay!)

[Post-Chorus]

But it's undeniable
But you're undeniable
But it's undeniable
What I feel for you
You know I've been wrong before
But you're undeniable
Cause' you're so undeniable
