

Without You

Kygo

My heart is a flower and your love's my sun and rain
My soul is a fire and your kisses feed the flames

Just like the moon that pulls the waves
I'm only moved by your embrace
Just like the stars above us need the dark to shine

I can't live without you
No I can't live without
In my life
In my life
I can't live without you
No I can't live without you
In my life
In my life

Without you, you
I can't live
Without you, you
I can't live
Without you, you
I can't live
Without you

I can't live without you
I can't live without you
No I can't live without you
In my life
In my life

When I'm underwater you're the breathe I like to hold
Your hands are the only ones that warm me when I'm cold

Just like the moon that pulls the waves
I'm only moved by your embrace
Just like the stars above us need the dark to shine

I can't live without you
No I can't live without you
In my life
In my life
I can't live without you
No I can't live without you
In my life
In my life

Without you, you
I can't live
Without you, you
I can't live
Without you, you
I can't live
Without you

I can't live without you
I can't live without you
No I can't live without you

In my life
In my life
