

Only For You

Kyla

It's so good to know
That you're right here by my side
When I'm feeling low
You bring the sunshine to my eye
It doesn't matter, no
What other people say
They don't know
Why I'm feeling this way

I want you to know
You'll stay in my heart wherever I go
If you're feelin a little lonely
You can always count on me
No matter what I do
I find more strength when I talk to you
I want the world to know
That I'm living only for you

No one in the world, no
Can make this feel the things that you do
No other woman
Understands me like you do
Whatever you need
I will do for you
I will show the world, yes I will
That I love you

You're the only one
That can make my world go round
And I thank God to loving you I've found
With you by my side
Complete I am inside
We can walk hand in hand
Across this land

I want you to know
You'll stay in my heart wherever I go
If you're feelin a little lonely
You can always count on me
No matter what I do
I find more strength when I talk to you
I want the world to know
That I'm living only for you

God sent you from up above
And I know deep down in my soul
That I'm in love
It's a miracle, yeah
I know this will last, it will last
Finally I can put behind the past
Put behind the past

I want you to know
You'll stay in my heart wherever I go
If you're feelin a little lonely
You can always count on me
No matter what I do

I find more strength when I talk to you
I want the world to know
That I'm living only for you

For you baby
Only for you
Only for you
You're everything and more
Everything I need
You're what I'm living for
Again, I'm living only for you
