

Private Affair

Kyla

Private aaa...

This is a special moment, no one is invited
Only the two of us can play this game
This is a love affair, this night for two
We're all alone now, it's just me and you

One look in the eye can change the mood
A touch with your hand is a daring move
Sound of soft music can make us do the groove
Laughter can turn into a smile
Beating of hearts can [?] the minds
And we can go on and on
Until the break of dawn

This is a private, private affair
Private, private affair
This is a private, private affair
And no one else is gonna be here

This is a perfect moment we can share together
No one in the world can see us now
We'll wait for the moon to chill the night
So we can keep each other warm til the break of light

One look in the eye can change the mood
A touch with your hand is a daring move
Sound of soft music can make us do the groove
Laughter can turn into a smile
Beating of hearts can [?] the minds
And we can go on and on
Until the break of dawn

This is a private, private affair (I don't wanna miss this)
Private, private affair
This is a private, private affair
And no one else is gonna be here
This is a private, private affair (I don't wanna play this solo)
Private, private affair
This is a private, private affair (oh, baby)
And no one else is gonna be here

What is going on now is a special thing
The mood is right for loving
The beating of our hearts is like music, oh...
I wanna be with you til the night is done
I want you in my arms til I see the sun
[?]
Rock my world

It's a private, private affair (I don't wanna miss this)
Private, private affair
This is a private, private affair (oh, baby)
And no one else is gonna be here
It's a private, private affair (I don't wanna play this solo)
And no one else is gonna be here (baby close to you)
No one else is gonna be here (no one else is gonna be here)

No one else is gonna be here
No one else is gonna be here
