

Proper Heartbreak

Kyla

You left your promises there on the doorstep
When I was fast asleep
Did you really love me? Did you really love me?
I'm wide awake in a room that's suddenly empty
Of the dreams that you gave to me
Did you really love me? Did you really...

If you can't find a way to let me let you go
I'll have to be the one to show you how it's done
So you won't have to run

'Cause I'm strong enough for your goodbye
If you're brave enough to say the word
All the feeling denied
All the reasons you hide
They can't hurt me anymore
If you love me enough
Just break my heart

I left my windows open to every memory
For the slim possibility
That you really loved me
Just maybe...

But you changed forever in a second
Now I'll have to be the one to
Find out what went wrong
Oh, was it me?
Does it matter now you're gone?

But I'm strong enough for your goodbye
If you're brave enough to say the word
All the feeling denied
All the reasons you hide
They can't hurt me anymore
If you love me enough
Just break my heart to pieces

'Cause this time I ought to know
We're at the end of what we could have been
And now I've got to let you go
I've got to let you go...

'Cause I'm strong enough for your goodbye
If you're brave enough to say the word
All the feeling denied
All the reasons you hide
They can't hurt me anymore
If you love me enough
Just break my heart

Just break my heart
