

I'm Serious

Kyle Echarri

Yeah yeah, yeah yeah
Yeah yeah, oh

Girl, I am serious
I've been searching for the one to be my girl
Yeah I've been searching for the one to rule my world
You're the only girl that's on my mind
No, baby girl, I never lie, no

Girl, I promise
I swear your loving is the only thing I know
And when you're far I wanna kiss you through the phone
Imma hold you tight and hold you close
You're the one I want and need the most
When I feel your love you really make me go

Girl I am, girl I am, girl I am serious
Girl I am, girl I am, girl I am serious
Girl I am, girl I am tryna be the one who holds your hand and gives you love

Girl I am, girl I am, girl I am serious
Girl I am, girl I am, girl I am serious
Girl I am, girl I am tryna be the one who holds your hand and gives you love

Sit down, relax, lemme ease your mind now
Give you all my time if you are mine now
If loyalty is all you want, baby I'll give you my all

Yeah I know, I know that it ain't that easy but
It ain't luck either I ain't a genie
Giving you love is so easy
All you ever do is please me
Lovin' feels so right with you, baby

Girl I am, girl I am, girl I am serious
Girl I am, girl I am, girl I am serious
Girl I am, girl I am tryna be the one who holds your hand and gives you love

Girl I am, girl I am, girl I am serious
Girl I am, girl I am, girl I am serious
Girl I am, girl I am tryna be the one who holds your hand and gives you love

Lay down
Relax
Unwind now
Be mine now

Girl I am, girl I am, girl I am serious
Girl I am, girl I am, girl I am serious
Girl I am, girl I am tryna be the one who holds your hand and gives you love

Girl I am, girl I am, girl I am serious
Girl I am, girl I am, girl I am serious
Girl I am, girl I am tryna be the one who holds your hand and gives you love
