

# When Will College End...Never

Kyle Gordon

Bro bible presents  
It's ya boy Pen Stilla  
Darrien CT Killa's what's good

She got a Facebook pic I'm likin' it  
Next thing ya know I'm piping it  
DUI still fightin' it  
And the jungle juice I'm spikin' it (With alcohol)  
Gettin' drunk by noon (Winning!)  
You know how we do (Tiger Blood)  
We never lose  
You know "you're my boy blue"

Will Ferrel's fucking looney  
Elf is fucking funny too  
He makes me fucking laugh  
But the hangover's my favorite movie  
Gettin' schmacked in the back of the house  
Mad girls naked all up on the couch  
If you bringin' a fat bitch we kickin' her out  
Ever seen two chicks make out?

That's what's up  
I gotta get a nut  
We don't give a fuck  
Let's get fucking crazy

Spring semester's here  
Smokin' blunts at the kegger  
Trevor brought the beer  
Life just keeps gettin' better  
Yer girlfriend wanna hit  
And I might just let her  
When will college end  
Fucking never

Yo teach pass the bong  
Sorority chicks wanna hear my song  
Seen on barstool, king of the blogs  
Ask your bitch if she seen my dong (She has)  
You's a ho to me  
Your mom wants to get close to me  
Got a 1.8 that's low to me  
Is that my GPA or my BAC

Four Loko I'm the man  
Blacked out by 10 am  
What's goodie? What's the plan?  
Edward 40 hands  
But there's a truth I ain't been facin'  
(YOLO) no more point in waiting  
("Let's go") I'll just fuckin' say it  
Blonde chicks, they're my favorite

That's what's up  
I gotta get a nut  
We don't give a fuck

Let's get fucking crazy

Spring semester's here  
Smokin' blunts at the kegger  
Trevor brought the beer  
Life just keeps gettin' better  
Yer girlfriend wanna hit  
And I might just let her  
When will college end  
Fucking never

Might show up for class  
I'm tryna fuck the professor  
Staring at her ass  
In every lecture  
Me and Coop and Shaw  
Natty crew forever  
Will my homies leave?  
Fucking never
