

## Distance

Kyle Hume

Never thought I'd be the type to fall like this  
And risk it all like this, but here we are  
You got somethin' I don't wanna lose  
Never thought I'd find it after all  
It's probably 'cause they always said  
You'll never have  
Somethin' perfect but we kinda do

So don't you worry 'bout the distance  
Doesn't matter when it's feeling this right  
All it takes is some persistence  
Can't nobody ever say they had it quite like this  
Long nights, headlights  
I'll waste all of my time  
If that's what it takes to get to you  
Don't you worry about the distance  
Doesn't matter when it's feeling this right

And we're feeling alright  
(Yeah, we're feeling alright)  
Don't you worry 'bout the distance  
Doesn't matter when it's feeling this right  
And we're feeling alright

It's gonna take some time to move beyond this  
Girl 'cause let's be honest, I would do it all  
All again if I got to choose  
So go and take your time to figure all this out  
And work through all your doubts  
But let me know  
Will you tell me when you finally do?

And we won't worry 'bout the distance  
Doesn't matter when it's feeling this right  
All it takes is some persistence  
Can't nobody ever say they had it quite like this  
Long nights, headlights  
I'll waste all of my time  
If that's what it takes to get to you  
Don't you worry about the distance  
Doesn't matter when it's feeling this right

And we're feeling alright  
(Yeah, we're feeling alright)  
Long nights, headlights  
Don't you worry 'bout the distance  
Doesn't matter when it's feeling this right  
And we're feeling alright
