

# Please Don't Go

Kyle Hume

It's either avoiding all of your friends  
But you're gonna be there till all of it ends  
For worse or for better, for nothing at all  
It's either forever, or somebody's fault  
I don't wanna leave her, it's all up to fate  
Oh losing you now would be my biggest mistake  
And I know you're scared of falling 'cause you've always hated  
the ground  
But girl, I don't plan on letting you down

I know that they say if you love 'em let them leave ya  
But they're all insane  
I'm begging baby, please don't go  
Don't leave me alone

If it came to trying to find someone better than you  
Oh, darling I don't like my odds  
I know you're still trying to feel all these out  
But darling, I've known all along  
If playing it safe is the right move to make  
Then darling, I'd rather be wrong

I know that they say if you love 'em let them leave ya  
But they're all insane  
I'm begging baby, please don't go  
Don't leave me alone

Don't leave me alone  
Be alone  
Leave me alone  
Be alone

I know that they say if you love 'em let them leave ya  
But please don't go  
Don't leave me alone
