

Beggin' for More

Kyle Park

I've been out chasin' my tail
Goin' in circles
Runnin' all over the neighborhood
Like a puppy I'm playful
But now I'm on your front porch
And I can hear you comin'
And I wanna be by your side
I'm done runnin', done runnin' around

Because this old hound dog
Finally found all he's ever gonna need
I don't mind bein' chained up
Tangled 'round your love
Waitin' right at your feet
And I can be your best friend til the end
No I won't stray away no more
Oh, I never thought I could be such a dog
But it didn't take long before
You had me beggin' for more
Beggin' for more

I'm not an old dog just yet
We can play all night
And you can teach me a few new tricks
I wanna get'em all right
And every kiss you throw my way
I'll lay one right back on you
And if you wanna love on me all day
Well that's what I'm born to do
I'm born to love you

And this old hound dog
Finally found all he's ever gonna need
I don't mind bein' chained up
Tangled round your love
Waitin' right at your feet
I can be your best friend til the end
No I won't stray away no more
Oh, I never thought I could be such a dog
But it didn't take long before
You had me beggin' for more
Oh I'm beggin' for more

Oh, I can be your best friend til the end
No I won't stray away no more
Oh, I never thought I could be such a dog
But it didn't take long before
You had me beggin' for more
I'm beggin' for more
Oh I'm beggin' for more
