

Four Walls

Kyle Park

Lock all the windows
Deadbolt the doors
I don't want to leave this house anymore
Hit the lights and let the moon fill the room
And there's no need for TV if we be coming on soon
Turn off the phone
Forget about those long distance calls
Darlin' everything I need is right between these four walls

I'll wake up tomorrow morning with my face in your hair
You and me ain't goin' anywhere
I'll call up to work and give them some old excuse
You know they'd let me go if they only knew
That I'm still at home watching you run through the hall
Oh how everything I need is right inside these four walls

Yea I could buy a big ol' house on a big ol' piece of land
But my plans didn't pan out like I thought they would
From the floor to the ceilin' I got everything I need
And believe it that I mean when I say that I need it

I'm so sick and tired of being gone all the time
If I could lay with you all day, you know I wouldn't mind
Underneath the sheets there's some sweet body heat going on
More than a hundred degrees it's gettin' hot between these four walls

Wish I could buy a diamond ring and put in on your hand
But my plans haven't panned out like I thought they would
From the floor to the ceilin' darlin' sexual healin'
And pleasin' is the reason I ain't leavin' this evenin'

But I don't need a car and I don't need no train
Cause I ain't goin' far
If you need me say my name
I'll take you on a ride
Anywhere you feel like goin'
Just close your eyes and you'll be there before you know it
I know it's sometimes hard to see but you and me we got it all
baby
All my hopes and my dreams are sittin' right inside these four walls
Yea anyone can see everything I need is in between these four walls
Darlin' everything I need is right between these four walls
