

I Think You're In Love

Kyle Park

Do your knees go weak at the sound of my name?
Does your heart skip a beat at times that you can't explain?
Do you feel lightheaded when you see two kissin'?
...And all you can think about is what you're missn'

Baby if you do "I Think You're In Love"

Do to stare at the clouds looking for my face?
...Or count the number of hours until the next time we embrace?
Do you wait by the phone just to see if I call?
.Or laugh out loud for no reason at all?

Baby if you do "I Think You're In Love"

Fall into my arms sweet darlin'!
Whisper in my ear sweet nothin's!
Hold me all the way through midnight!
Right into the morning sunlight!

Do you dream about me when you're wide awake?
...Or nearly lose your breath with every kiss that we take?
Do you call your friends to tell them how you fell?
...Or vent yourself you make sure that it's foreal?

Baby if you do "I Think You're In Love"

Fall into my arms sweet darlin'!
Whisper in my ear sweet nothin's!
Hold me all the way through midnight!
Right into the morning sunlight!

Do your knees go weak when you hear my name?
Does your heart skip a beat at times that you can't explain?
Do you feel lightheaded when we start kissin'?
...And all you can think about is Mr. & Mrs.!
