

Me When I Drink

Kyle Park

Well most days end the same way
After pullin' eight to five, I pull into the drive
And I'm hurtin' from all that workin'
Nah, I ain't much fun 'til I get the job done

'Cause I'm a forty hour week kinda man
But put a cold beer in my hand

When I drink I'm a dancer
You got questions, I got answers
I go hard in the paint
Call me crazy, but I ain't
I'm a sucker for a last call
Put it on my tab, y'all
Funner when I don't have to think
Yea that's me when I drink

If I'm shootin' whiskey, you can't miss me
I'm a karaoke king, velvet Elvis when I sing
To the ladies, I love them ladies
Yea they look my way when my boots hit the stage

'Cause the truth is I really come alive
On a honky tonk Saturday night

When I drink I'm a dancer
You got questions, I got answers
I go hard in the paint
Call me crazy, but I ain't
I'm a sucker for a last call
Put it on my tab, y'all
Funner when I don't have to think
Yea that's me when I drink

Yea I'm a run of the mill kinda man
But get to know me girl and you'll understand

When I drink I'm a lover
I'm a quote some Lonesome Dove'r
Everybody knows my name
And you know I love the fame
I'm a sucker for a last call
Put it on my tab, y'all
Funner when I don't have to think
Yeah

When I drink I'm a dancer
You got questions, I got answers
I go hard in the paint
Call me crazy, but I ain't
I'm a train off the track, y'all
Runnin' through a brick wall
Try to keep up but you can't
Yea that's me when I drink
Oh that's me when I drink
Yea that's me when I drink
