

# Night Drive

Kylesa

I don't wanna be  
On this night drive  
I would rather be  
Anywhere else

I don't wanna be  
On this night drive  
I would rather be  
Anywhere else

Life will slip by  
Nothing but time to feel  
Turn on the music  
Start to the point

I don't wanna be  
On this night drive  
I would rather be  
Anywhere else

I don't wanna be  
On this night drive

I would rather be  
Anywhere else

I have a must  
The night's past time that street  
Because anyone has this place be

Travelling at night  
It won't sense the peace

Life will slip by  
Nothing but time to feel  
Turn on the music

Life will slip by  
Nothing but time to feel  
Turn on the music

Start to the point
