

Feeling Some Kinda Way

Kylie Cantrall

Feeling some kinda way about ya
Feeling some kinda way (oh, oh)
Feeling some kinda way about ya
About ya, a-a-about ya

Ocean Eyes on the radio (radio)
Kinda wishin' they would play it more (play it more)
I hear the song and boy I can't ignore (can't ignore)
That it always got me thinking 'bout you

You got, got me sprung
Giving me a vibe like, like no other, boy
Heart beats like a drum
Sounding like boom-bada-boom, boom-bada-boom-boom

This one's for the real ones
If you out there make some noise
Baby, this one's for the feelings
That you be catchin' when you found the one

You've been on my mind for a while now (while now)
Boy, I been meaning to tell you so
You been on my mind for a while now
I think it's time that I let you know

That I'm feelin' some kinda way about ya
Feelin' some kinda way
Feelin' some kinda way about ya
Feelin' some kinda way

Things wouldn't be the same without ya
Things wouldn't be the same (wouldn't be the same)
Feelin' some kinda way about ya
About ya, a-a-about ya (about ya, about ya, about ya)

Don't know what it is about ya (about ya)
I just know I'm trippin' that I found you, baby
Got me fallin' like a parachute (parachute)
But we can fall together if you down to, babe

You got, got me sprung (yeah)
Giving me a vibe like, like no other boy (ayy)
Heart beats like a drum
Sounding like boom-bada-boom, boom-bada-boom-boom

This one's for the real ones
If you out there make some noise
Baby, this one's for the feelings
That you be catchin' when you found the one

You've been on my mind for a while now (while now)
Boy, I been meaning to tell you so
You been on my mind for a while now (yeah)
I think it's time that I let you know

That I'm feelin' some kinda way about ya
Feelin' some kinda way (yeah)

Feelin' some kinda way about ya
Feelin' some kinda way (some kinda way, some kinda way)

Things wouldn't be the same without ya
Things wouldn't be the same (wouldn't be the same, no)
Feelin' some kinda way about ya
About ya, a-a-about ya

Feeling some kinda way about ya
Feeling some kinda way
Feeling some kinda way, some kinda way about ya
About you, a-a-about you
