

# Change Your Mind

Kylie Minogue

Four in the morning  
Feeling more than less  
We're tangled together  
In such a beautiful mess

I can't remember  
What it was you said  
That made me feel emotions  
That are better to forget

I don't want real love  
It'll never be the rush I like  
But you don't have to change your mind  
You don't have to change  
Real love, had enough  
Want to live another kind of life  
But you don't have to change your mind  
No you don't have to

Everytime you kiss me  
There's a shadow 'cross my heart  
That leads to an ending  
I don't want to start

Don't worry bout me  
I'm right where I belong  
I'm better off all by myself  
But you wanna prove me wrong  
You don't have to change

I don't want real love  
It'll never be the rush I like  
But you don't have to change your mind  
You don't have to change  
Real love, had enough  
Want to live another kind of life  
But you don't have to change your mind  
You don't have to change... change change...

You don't have to (change change)  
I don't want real love  
You don't have to (change change)  
I don't want real love  
You don't have to change your mind  
You don't have to change your  
(I don't want real love)
