

# Dance Alone

Kylie Minogue

Late night, you and I  
Post-fight, it's my life  
Let's roll, there's the door  
I'm all for 4/4

I watch you walk away, it's just another day  
Don't need you to stay, oh  
I am not afraid, I know I'll be okay  
There's nothing you can say, oh

I just wanna dance alone, I ain't ever going home  
I just wanna dance alone  
I just wanna dance alone, I just wanna lose my phone  
I just wanna dance alone

I just wanna dance alone (Forever, forever)  
I just wanna dance alone (Forever, forever)  
I just wanna dance alone (Forever, forever)  
I just wanna dance alone (Forever)

Won't stop, can't stop  
No clock, another shot  
Happy, so free  
Look at me, finally

I watch you walk away, it's just another day  
Don't need you to stay, no  
I am not afraid, I know I'll be okay  
There's nothing you can say, oh

I just wanna dance alone, I ain't ever going home  
I just wanna dance alone  
I just wanna dance alone, I just wanna lose my phone (Ah, ah)  
I just wanna dance alone (I just wanna dance)

I just wanna dance alone (Forever, forever)  
I just wanna dance alone (Forever, ooh, forever)  
I just wanna dance alone (Forever, forever)  
I just wanna dance alone (Forever)

I just wanna dance alone, I just wanna dance alone  
I just wanna dance alone  
I just wanna dance alone, I just wanna dance alone  
I just wanna dance alone

I just wanna dance alone (I just wanna dance alone)  
I ain't ever going home (I just wanna dance alone)  
I just wanna dance alone (I just wanna dance alone, dance)  
I just wanna dance alone (I just wanna dance alone)  
I just wanna lose my phone (I just wanna dance alone)  
I just wanna dance alone (I just wanna dance alone)
