

Dance To The Music

Kylie Minogue

Dance to the music, dance to the music
Dance to the music, dance to the music
Let's go

Don't know where we're goin'
Just know where we've been
I just keep it flowin'
Lighter than the wind
Livin' for the moment
We can go again
I know a place where we can

Dance to the music
Make it never end
Dance to the music
Get you outta bed
Dance to the music
Just like Summer said
Dance to the music
I know a place where we can

Dance to the music, dance to the music
Dance, dance
Dance to the music, dance to the music
I know a place where we can
Dance to the music, dance to the music
Dance, dance
Dance to the music, dance to the music
I know a place where we can
Dance

Callin' all the lovers
Get you in the mood
There ain't any other
Jump into the groove
I could go forever
Dancin' next to you
I know a place where we can

Dance to the music
Make it never end
Dance to the music
Get you outta bed
Dance to the music
Just like Summer said
Dance to the music
I know a place where we can

Dance to the music, dance to the music
Dance, dance
Dance to the music, dance to the music
I know a place where we can
Dance to the music, dance to the music
Dance, dance
Dance to the music, dance to the music
I know a place where we can
Dance

Dance to the music
Dance to the music
Let's go

Dance to the music
Make it never end
Dance to the music
Get you outta bed
Dance to the music
Just like Summer said
Dance to the music
I know a place where we can

Dance, dance
I know a place where we can
Dance, dance
I know a place where we can
Dance
