

Kiss Bang Bang

Kylie Minogue

Stranger, where you going?
Stay with me tonight
One look and I'll know it
I'll be on your mind

You're the one I choose
Bullseye, eyes on you

Kiss, bang, bang
Baby, kiss, bang, bang
I'm aiming for your heart tonight, oh
Kiss, bang, bang
Baby, kiss, bang, bang
We're headed for the stars tonight, oh

Do you feel it?
Raw emotion
Do you feel it?
Taking over
Kiss, bang, bang
Baby, kiss, bang, bang
I'm aiming for your heart tonight
Tonight

Touch me, go exploring
Take me for a ride
Midnight until morning
Turn on more than the lights

You're the one I choose
Bullseye, eyes on you

Kiss, bang, bang
Baby, kiss, bang, bang
I'm aiming for your heart tonight, oh
Kiss, bang, bang
Baby, kiss, bang, bang
We're headed for the stars tonight, oh
Do you feel it?
Raw emotion
Do you feel it?
Taking over
Kiss, bang, bang
Baby, kiss, bang, bang
I'm aiming for your heart tonight
Tonight

Kiss, bang, bang
Kiss, bang, bang
