

Magic

Kylie Minogue

I feel like anything could happen
The stars look different tonight
They're glowing all around me
It's flowing through my body
I can feel it, I can feel it
Don't know if I'm awake or dreaming
There must be something in the air
The time is disappearing
This moment's never leaving
I can feel it, I can feel it

You got me started and nothing on earth can stop it
It's crazy, I'm falling
I don't know what else to call it
Boy, do you believe in magic?
Do you, do you, do you
Do you believe in magic?
Dancing together
Ain't nothing that could be better
Tomorrow don't matter
We'll make the night last forever
So, do you believe in magic?
Do you, do you, do you
Do you believe in magic?

Free falling, it's a new emotion
I swear there's diamonds in your eyes
Come hold me like you mean it
Don't wanna keep this secret
Can you feel it?
My heart beating
You make me wanna do these wild things
Your touch is supernatural
Oh, I can't fight this feeling
I'm floating through the ceiling
Can you feel it?
I can feel it

You got me started and nothing on earth can stop it
It's crazy, I'm falling
I don't know what else to call it
Boy, do you believe in magic?
Do you, do you, do you
Do you believe in magic?
Dancing together
Ain't nothing that could be better
Tomorrow don't matter
We'll make the night last forever
So, do you believe in magic?
Do you, do you, do you
Do you believe in magic?

(Magic, magic, magic, magic)
Do you believe in?
Do you believe in?
(Magic, magic, magic, magic)
Do you believe in magic?

You got me started and nothing on earth can stop it
It's crazy, I'm falling
I don't know what else to call it
Boy, do you believe in magic?
Do you, do you, do you
Do you believe in magic?
Dancing together
Ain't nothing that could be better
Tomorrow don't matter
We'll make the night last forever
So, do you believe in magic?
Do you, do you, do you
Do you believe in magic?
