Stop Me from Falling

Kylie Minogue

Somehow we've always been together
But never got together
I never felt the pressure 'til now
There's something in the air
I'm here and you're just there
I can't pretend that I don't care

Yeah...
One day I might get it right
Am I ready for tonight?
Yeah...
Caution, caution, amber lights
Still can't get you off my mind

Don't know how, I don't know where
But we're becoming more than friends
Getting closer to the edge
Stop me from falling
Shoulda seen the warning sign
Now we're running out of time
Kinda wanna cross the line
Stop me from falling

For you
For you
Stop me from falling
For you
For you
Stop me from falling

Esto que yo siento
Te juro que yo no lo entiendo
No sé cómo pasó
Sólo sé que tú me tienes loco, mi amor
De ti me he enamorado
Ahora dime qué hago
Ay, dime tú si sientes lo mismo que yo

Yeah...
One day I might get it right
Am I ready for tonight?
Yeah...
Gente De Zona
Si quererte no es prohibido
Yo quiero mi vida contigo

Don't know how, I don't know where
But we're becoming more than friends
Getting closer to the edge
Stop me from falling
Shoulda seen the warning sign
Now we're running out of time
Kinda wanna cross the line
Stop me from falling

For you
No diré que no

Que tú también lo quieres
For you
Si por ti muero yo
Tú por mí te mueres
For you
No digas que no
Que tú también lo quieres
For you
Si por ti muero yo
Stop me from falling

Don't know how, I don't know where
But we're becoming more than friends
Getting closer to the edge
Stop me from falling
Shoulda seen the warning sign
Now we're running out of time
Kinda wanna cross the line
Stop me from falling

For you
No diré que no
Que tú también lo quieres
For you
Si por ti muero yo
Tú por mí te mueres
For you
No digas que no
Que tú también lo quieres
For you
Si por ti muero yo
Stop me from falling
