Shiny Star

KyoungSeo

Twinkle starlight moon in my heart
oh that shining star
All the time it shines so bright at night
you are that shining star
Promise me you stay with me
forever baby I love you
Darling take my hand come close to me
you are the only one
remember the first time we met
it was a lovely day
Seems like I saw you in my dream
oh my prince beside me
Oh how could I forget that day
you came and held my hand
I couldn't say any word there's nobody like you
Twinkle starlight moon in my heart
oh that shining star
All the time it shines so bright at night
you are that shining star
Promise me you stay with me forever
baby I love you
Darling take my hand come close to me
you are the only one
You are the apple of my eye don't say
it's not a dream
I can't stop smiling
oh my dear every time in my mind
Say you love me and I will follow right here
holding my hands
I will be the star next to you
I'm so happy with you
Twinkle starlight moon in my heart
oh that shining star
All the time it shines so bright at night
you are that shining star
Promise me you stay with me forever
baby I love you
Darling take my hand come close to me
you are the only one
Darling take my hand come close to me
you are the only one
Moonlight starlight shining so bright
what a beautiful night
I have been dreaming of this moment,
not alone anymore
Dreaming of you thinking of you
when I see you please hug me
from now on,
this love is gonna last forever and ever
