

Better Miracle

Kyprios

Today
My window
The sun
Came through

(Today) was a day I thought I'd look to
(My window) felt the pain that I knew
(The sun) heard about it when he came to
(Came through) good lookin' out I needed you
(Today) was a day that didn't need rain
(My window) looked to me to make a change
(The sun) risin' to the occasion
(Came through) good lookin' out I needed you
(I know) within my self I'm gonna be o.k
(Remember) back then I've come a long way
(The dream) may never ever be the same but
(Came true) still here with you and that'll do
(I know) the road I'm on is not easy way
(Remember) that I will define the path I take
(The dream) yeah I'm a dreamer what can I say
(Came true) still here with you and that'll do

(I feel) it's in my fingers
(I know) it's in my soul now
(Don't need) I don't need a miracle
(Just want) to get a little better
(I feel) it's in my fingers
(I know) it's in my soul now
(Don't need) I don't need a miracle
(Just want) to get a little better
I'm not asking for a miracle
Just want to get a little bit better
I'm not asking for a miracle
Just want to get a little bit better

(My life) so full of regret for lost time
(Memories) seem to forget never remind
(The hope) the hope ain't enough but it's alive
(And love) yeah love is the one to get me by
(My life) it's never too late to get it right
(Memories) slip in my mind throughout the night
(The hope) helps me cope with my life
(And love) yeah love is the one to get me by
(Today) today is here for me to redefine
(Yesterday) stay in the past I let it die
(In time) I'll be doin' fine gettin' by
(Cause now)'s the only moment mattering in life
(Today) live for today only today
(Yesterday) never the same, sever the pain
(In time) love and learn and burn into the night
(Cause now)'s the only moment mattering in life

(I feel) it's in my fingers
(I know) it's in my soul now
(Don't need) I don't need a miracle
(Just want) to get a little better
(I feel) it's in my fingers

(I know) it's in my soul now
(Don't need) I don't need a miracle
(Just want) to get a little better
I'm not asking for a miracle
Just want to get a little bit better
I'm not asking for a miracle
Just want to get a little bit better
