Kyson

Mind Drowning  
Falling like snow  
Sharp edges  
Of plastic and coal

Not only my body  
You're holding my, holding my mind  
Not only my body  
You're holding my, holding my mind

Captivate us  
Acrobatic Flow  
These sheets of ice  
Can't hold what we know

Not only my body  
You're holding my, holding my mind  
Not only my body  
You're holding my, holding, holding my mind

Not only my body  
You're holding my, holding my mind  
Not only my body  
You're holding my, holding my mind
