

## Own Cloud

Kyson

Cold in  
I just don't wanna flood your mind  
Right now  
I wouldn't have taken something

'Cause I've been away  
Walking on my own cloud  
Said you wanna stay  
I was in the summer fields  
We don't wanna be old  
And we're gonna grow old

And I wanna be brave, be  
You know the silence runs  
And I choose to be the way I am  
I was in a world fallen wonder  
Hastily, 'cause you adjusted like the bridges  
Fall in love with means to it  
Fallen like your

'Cause I've been away  
Walking on my own cloud  
Said you wanna stay  
I was in the summer fields  
We don't wanna be old  
And we're gonna grow old

'Cause I've been away  
Walking on my own cloud  
Said you wanna stay  
I was in the summer fields  
We don't wanna be old  
And we're gonna grow old
