

With You

KZ Tandingan

I love you, I love you not
I hate you, I hate you but
Can't get out of this love game
Please break this spell that's turning me insane
Haunting memories that we've drawn
This ring I'm holding on
But now you're gone

I love you, I love you not
I hate you, I hate you but
There's an angel whispering
That it's still worthwhile trying
My heart needs no convincing
But for insanity
My mind is pleading

Just one look at you
I fell in your spell
With just one look at you
Got tranced in this romance but
It's over, it's over
But I can't stop loving you
It's over, but I'm never getting over
Will I ever unlove you

I've loved you, you love me not
I hate you, but I can't live without you
Left alone in love still
Too much love can really kill
Helpless when I see you
My defenses fall

With one look at you
I feel in your spell
With just one look at you
Got tranced in this romance but
It's over, it's over
But I can't stop loving you
It's over, but I'm never over getting over
Will I ever unlove you
Will I ever unlove, unlove
You you you
Will I ever
Un love you, unlove you, unlove
I hate you, I hate you but

Just one look at you
I feel in your spell
With just one look at you
Got tranced in this romance but
It's over, it's over
But I can't stop loving you
It's over, but I'm never over getting
Will I will I ever unlove you
Will I ever unlove you

I love you, I love you not

I hate you, I hate you but
