

## A Drop of Bleach

L.A. Guns

The bile and the rage, can't stop it if I tried  
Chained up like a dog is not how I'm gonna lie  
I'm wild, I'm in control  
An animal, I swallow whole

Sit and lay in wait, not broken but I stayed  
He who makes the bigger shout gets the bigger piece of steak

Why would you think I would back down  
Baby, I'm the one who is unchained  
Why don't you try to figure it out  
Baby, I'm the one who is unchained

Sucking up my blood like a nasty little leech  
You're nothing a dirty stain and I'm your drop of bleach  
I'm wild, I'm in control  
An animal, I swallow whole

It's darkest on the night when you're blind to all you sow  
Go on and make your play but know I've buried more than bones

Why would you think I would back down  
Baby, I'm the one who is unchained  
Why don't you try to figure it out  
Baby, I'm the one who is unchained

Sucking up my blood like a nasty little leech  
You're nothing a dirty stain and I'm your drop of bleach  
I'm wild, I'm in control  
An animal, I swallow whole

You can't keep me down  
'Cause I'm the biggest dog around  
You can't keep me down  
'Cause I'm the biggest dog around  
You can't keep me down  
'Cause I'm the biggest dog around  
You can't keep me down  
'Cause I'm the baddest dog around

Why would you think I would back down  
Baby, I'm the one who is unchained  
Why don't you try to figure it out  
Baby, I'm the one who is unchained
