

Bad Luck Charm

L.A. Guns

I got a woman
She's ok
She ain't pretty
But look at me

I found a bad dog
He gon' bite
Why'd they name him Lucky?

Waiting for the day when the sun don't shine
Getting to the water and the well runs dry
Feel the ground sink as the world implodes
I'm not surprised at all

I have a bad luck charm
It's never easy, is it?
There ain't no good news on today
It don't bother me

I got a letter
Came today
From my woman
Leavin' me

I'm not sad though
I don't mind
You might say I got lucky

Save it for the day when my blood don't pump
Waiting for my turn and someone jumps in front
Feel the ground shake as the world explodes
I'm not cynical, though

I have a bad luck charm
It's never easy, is it?
There ain't no good news on today
It don't bother me

Waiting for the day when the sun don't shine
Getting to the water and the well runs dry
Feel the ground sink as the world implodes
I'm not surprised at all

I have a bad luck charm
It's never easy, is it?
There ain't no good news on today
It don't bother me
