

Don't Wanna Know

L.A. Guns

Heard it from my best friend
Heard it on the street
Words going 'round you're putting me down
Saying my love's obsolete
Heard it from your mama
Said you're not the same
Telling lies bloodshot eyes
And bringing the family shame

Don't wanna know
I've been this way too long
Way too long
Don't wanna know
Love you right or wrong
Right or wrong

I heard it from your doctor
You've been running late
Smokin' fools, never sleep
Losin' all your weight
Heard it on the telephone
When I picked it up to call
Got no place to hide my face
Even on the bathroom wall

Don't wanna know
It only hurts my soul
Hurts my soul
Don't wanna know
Makes me lose control
Yeah

Don't wanna know
I've been this way too long
Way too long
Don't wanna know
I love you right or wrong
Right or wrong

Heard it from your old man
You've been steering wrong
Dark disguise shifty eyes
Sayin' you don't belong
Heard it from your mama
Said you're not the same
Telling lies bloodshot eyes
And bringing a band of shame

Don't wanna know
I've been this way too long
Way too long
Don't wanna know
I love you right or wrong
Right or wrong
Don't wanna know
It only hurts my soul
Hurts my soul

Don't wanna know
Makes me lose control
