

# It's Not True

L.A. Guns

Ooh, yeah

The lies that you're being told  
Can't you see you're being  
So darn wicked in your ways?  
Listen to the lies, they'll only criticize  
The way you live your life

It's not true with their lies  
It's not true, look inside  
It's not true  
No-no-no, not the words  
It's not true

He knows you are tired  
He'll try to change your mind  
And let them get their way  
You got to be so strong  
Tell them that they're wrong  
Just say, "Stop!"  
You just say, hey, hey

It's not true with their lies  
It's not true, look inside  
It's not true  
No-no-no, not the words  
It's not true, oh, no

Believe in your heart  
And trust your star!

It's not true (Not true!)  
It's not true, they are lies (Not true, not true!)  
Look inside (Not true, not true!)  
Oh, no, they're not true (Not true!)  
We know, you should know (Not true!)  
You know it's not true
