

# Overdrive

L.A. Guns

Freak show, are you ready to go  
Grab your shit, it's time we hit the road  
Places to go nobody to see  
All we need is gasoline

Man, this ain't no suicide  
Just living my life in overdrive

Midnight on a moonlit mile  
I think that truck is coming way too fast  
Hit the brakes and we started to slide  
Shifted into overdrive

Man, this ain't no suicide  
Just living my life in overdrive

Sun rise, accelerate  
I got time, got time to waste  
An open road and desert sky  
Baby, I'm just passin' by

Man, this ain't no suicide  
Just living my life in overdrive

Man, this ain't no suicide  
Just living my life in overdrive

Man, this ain't no suicide  
Just living my life in overdrive...
