

Renegades

L.A. Guns

Lightning lights up the desert sky
The road goes on and on
I remember the days we spent
Hiding from the sun
So I tell her again and again
There's nothing left to say
So I tell her again and again
I won't be back back this way

Oooooo Oooooo
Like renegades
Gypsies on the open road
In the desert rain
Nowhere else to roam
Disarray
No promise of another day
Renegades
Forever renegades

Her golden hair brushes my face
As the dusk of twilight fades
No need for any words
No time for moonlight serenades
So I tell her again and again
There's nothing left to do
Oh I tell her again and again
I'll never I'll never forget you

Oooooo oooooo
Like renegades
Gypsies on the open road
In the desert rain
Nowhere else to roam
Disarray
No promise of another day
Renegades
Forever renegades

Like renegades
Gypsies on the open road
In the desert rain
Nowhere else to roam
Disarray
No promise of another day
Renegades
Forever renegades

Renegades
Renegades

Just like renegades
Forever renegades
