L.A. Guns

Feels like a rollercoaster  
Given the time I can't seem to remember at all  
Wish I could get it together  
Searching for things I can't seem to remember I lost  
Can I remember  
Would it change it at all  
I wish I knew I never would have given you a second, a second look

I know where you been around  
What you been up to  
Who you've been with  
(Who you've been doing it to)  
I know now somehow it comes around  
I wanna leave it all behind  
(Wish I could stop and rewind)

I wear my heart on my sleeve  
Reading my life like an open book  
If you weren't shining like golden sunlight  
I never would have given you a second, a second look

I take the beating again  
Seems like it never will end  
Cross past this tainted line  
The decision is mine  
It's all mine

I know where you been around  
What you been up to  
Who you've been with  
(Who you've been doing it to)  
Somehow it all comes around, I wanna leave it behind  
Won't even give you the time  
(Wish I could stop and rewind)

I know where you been around  
What you been up to  
Who you've been with  
(Who you've been doing it to)  
I know now somehow it comes around

I know where you been around  
What you been up to  
Who you've been with  
(Who you've been doing it to)  
Somehow it all comes around, I wanna leave it all behind  
Won't even give you the time  
(Wish I could stop and rewind)

I know where you been around  
What you been up to  
Who you've been with  
(Who you've been doing it to)  
I know now somehow it comes around  
I wanna leave it all behind  
Wish I could stop and rewind  
Wish I could stop and rewind
