

Rox Baby Girl

L.A. Guns

Rox baby girl is just 19
Left a trail of broken hearts on the Sunset scene

She's home and so lonely, ever so lonely

Her picture looks so good in the back of the weekly
She'll come and do it to ya ever so discreetly

Go baby go baby go
And even when it hurts don't let it show

She's a girl of many names
Getting ready for a date
Does up to 16 if they don't make her wait

She's home and so lonely, ever so lonely

Woman on a mission
Made to please
Does it on her back
Does it on her

Go baby go baby go
And even if it hurts don't let it show
