

Wheels Of Fire

L.A. Guns

I've been dreaming 'bout this night
Praise the lord 2 make things right
Hold so tight 2 your embrace
Feel your breath against my face
Hey baby I've got plans 4 u
There ain't nothing I won't do
Set the spark that sets my soul on fire
I'll take u higher, higher, higher

I'm burning baby can't u see my heart's aflame
I'll be the 1 u call by name
There's no denying that u just take the pain
I'll never ever break the chain
Innocence fuels my desire
Wheels Of Fire

Darkness falls my blood starts racing
My heart's beating like a drum
Beating out like a jungle rhythm
4 beats 2 the bar
Falling down like thunder from heaven
Shooting Star

I'm burning baby can't u see my heart's aflame
I'll be the 1 u call by name
There's no denying that u just take the pain
I'll never ever break the chain
Innocence fuels my desire
Wheels Of Fire
