

# Witchcraft

L.A. Guns

I see you in the night  
Like a fire, you're shining eyes  
Like a drug, they hypnotize  
I need to feel your touch  
Too much is never enough  
Words can't explain stronger than love

Losin' sight  
I can't sleep at night  
I'm not the same  
Do it again

Some kinda your witchcraft kinda your witchcraft  
Put a spell on me  
Some kinda your witchcraft kinda your bitchcraft  
Put a spell on me

The power it takes me higher  
Your touch fuels my fire  
I know it now I've seen the light  
Red hot it fills my veins  
Without I'd go insane  
Your dark embrace down devils road

Losin' sight  
I can't sleep at night  
I'm not the same  
Do it again

Some kinda your witchcraft kinda your witchcraft  
Put a spell on me  
Some kinda your witchcraft kinda your bitchcraft  
Put a spell on me  
Some kinda your witchcraft kinda your witchcraft  
Put a spell on me  
Some kinda your witchcraft kinda your bitchcraft  
Put a spell on me

Losin' sight  
I can't sleep at night  
I'm not the same  
Do it again

Some kinda your witchcraft kinda your witchcraft  
Put a spell on me  
Some kinda your witchcraft kinda your witchcraft  
Put a spell on me  
Some kinda your witchcraft kinda your witchcraft  
Put a spell on me  
Some kinda your witchcraft kinda your witchcraft  
Put a spell on me

Some kinda your  
Some kinda your  
Some kinda your

Some kinda your

Some kinda your  
Some kinda your
