

As One

L'Arc~en~Ciel

History repeating - panic and confusion
History is weeping - sense of disillusion
History repeating - pieces of a puzzle
Why can't we just live as one?

Nowhere to run - we're seeking redemption
No waiting for divine intervention
Search for the tree that overcomes death
Taking the fruit - discover a new way to breathe

History repeating - panic and confusion

History repeating - pieces of a puzzle
Why can't we just live as one?

Nowhere to run - we're seeking redemption
No waiting for divine intervention
Search for the tree that overcomes death
Taking the fruit - discover a new way to breathe

History repeating - science and perversion
History is weeping - weapons of destruction
History repeating - in our final hour
Why can't we just live as one?
