Tadayou kashisu no nioi wa amaku yowasete

My dearest Ophelia - what's the reason for your silence?  
Your lips as cold as ice  
My dearest Ophelia - will you speak to me no more?

Urei wo hisometa shigusa ga kokoro wo tsukisasu

My dearest Ophelia - there are things I never told you  
Falling into the dream  
My dearest Ophelia - can you trust in me no more?
