

Die On The Dancefloor

L Devine

I want to die on the dance floor
I want to be with my friends
I want to die on the dance floor
Drippin' in glitter and sweat

I wanna, I wanna do this every night, yeah
All three sixty-five, yeah
'Til there's no heartbeat in my chest, yeah, yeah
I wanna not look at the time, yeah
Go home when it's light, yeah
With somebody I've never met, yeah, yeah
'Cause I've been going through the motions of a "nine-to-five"
I miss the only thing that ever made me feel alive
And there's nothing you can say that's gonna change my mind
Baby, when it's my time

I want to die on the dance floor
I want to be with my friends
I want to die on the dance floor
Drippin' in glitter and sweat
The last thing I see before I see the light
Is you and me having the time of our life
Is that too much to ask for?

I want to die on the dance floor
Dance floor, dance
I want to die on the dance floor
Dance floor, dance
I want to die on the dance floor
Dance floor, dance
I want to die on the dance floor
Dance floor, dance

I wanna, I wanna do this every night, yeah
All three sixty-five, yeah
Honestly no, I wouldn't mind
If I could go out on a high, yeah
When I say goodbye, yeah
Baby, when it's my time

I want to die on the dance floor
I want to be with my friends
I want to die on the dance floor
Drippin' in glitter and sweat
The last thing I see before I see the light
Is you and me having the time of our life
Is that too much to ask for?

I want to die on the dance floor
Dance floor, dance
I want to die on the dance floor
Dance floor, dance
I want to die on the dance floor
Dance floor, dance
I want to die on the dance floor
Dance floor, dance

I wanna, I wanna hold you like I'll never hold you again
I wanna do things that might not let me ever get into heaven

I want to die on the dance floor
I want to be with my friends
I want to die on the dance floor
Drippin' in glitter and sweat

I want to die on the dance floor
Dance floor, dance
I want to die on the dance floor
Dance floor, dance
I want to die on the dance floor
Dance floor, dance
I want to die on the dance floor
(Dance floor)
I wanna, I wanna
