

# Eaten Alive

L Devine

Carefully, think carefully  
Everything's a trigger, accidentally  
I don't care for me and that's scarin' me  
Wondering if this'll be the end of me

Ooh, I'm missing pieces like a dog bite, it's not nice  
Ooh, I don't remember what it feels like to feel right

I'm getting eaten alive, like a-  
Like a parasite that feeds off of minds  
Eat-eaten alive  
Kinda feels like I've been eaten alive (Eaten alive)  
I'm getting weaker as I feel it getting deeper inside  
Eaten alive  
Eat-eaten alive

(Eaten alive)  
I'm getting (Eaten alive)  
(Eaten, eat-eaten alive)  
I'm getting

Comfort me, don't come for me  
I don't trust affection, it just fucks with me  
Underneath, I'm underneath  
Someone stuck inside this suit, a clone of me

Ooh, I'm missing pieces like a dog bite, it's not nice  
Ooh, I don't remember what it feels like to feel right

I'm getting eaten alive (Eaten alive), like-  
Like a parasite that feeds off of minds  
Eat-eaten alive  
Kinda feels like I've been eaten alive (Eaten alive)  
I'm getting weaker as I feel it getting deeper inside  
Eaten alive (Eaten alive)  
Eat-eaten alive

(Eaten alive)  
I'm getting (Eaten alive)  
(Eaten, eat-eaten alive)  
I'm getting eaten alive  
Eaten alive (Eaten alive)  
Eaten alive

I'm getting, getting eaten alive  
Like a parasite that feeds off of minds (Feeds off of minds)  
Eaten alive  
Eat-eat-eat-eaten alive

That was fuckin'
