

# Naked Alone

L Devine

Satisfied  
The only feeling I ain't felt for time  
But loneliness  
You never leave me when I need a fix

Well I hit up every name in my contacts  
But I can't even get one text back  
All I really need is some sex  
Ya feel me?  
And I could get it going myself  
But lately I've been needing some help  
'Cause all I want is somebody else  
To feel me

No  
I can't take another night on my own  
Need another body here to keep warm  
Always hated sleeping naked alone  
Naked alone  
Oh  
I've been waiting on a touch for so long  
Need another body turning me on  
Always hated sleeping naked alone  
Naked alone

Desperate  
I'm clutching sheets and they're about to rip  
(Oh shit)  
So frustrated  
I'm losing sleep 'cause I can't concentrate  
(Yeah, yeah, yeah)

Well I hit up every name in my contacts  
But I can't even get one text back  
All I really need is some sex  
You feel me?  
And I could get it going myself  
But lately I've been needing some help  
'Cause all I want is somebody else  
To feel me

No  
I can't take another night on my own  
Need another body here to keep warm  
Always hated sleeping naked alone  
Naked alone  
Oh  
I've been waiting on a touch for so long  
Need another body turning me on  
Always hated sleeping naked alone  
Naked alone

(Let me hear you say)  
(Yeah)  
(Yeah)  
(Yeah, what?)

No  
I can't take another night on my own  
Need another body here to keep warm  
Always hated sleeping naked alone  
Naked alone  
Oh  
I've been waiting on a touch for so long  
Need another body turning me on  
Always hated sleeping naked alone  
Naked alone
