

# Peachy Keen

L Devine

I'm so lost in all these motions  
I forgot where I was going  
Teardrops falling every morning  
Crisis calling, I'm so boring

Bad psyche, entice me  
Cool Nikes, be mine please  
You're so screwed, just like me though  
I'm slightly scared, baby  
Lost in our heads, ain't we  
We're so screwed, don't mind it though

Sad clown and self-esteem  
Life is mean, yeah  
But we can dream  
That it's peachy keen  
Love like we're troubled teens  
No dopamine, yeah  
But we can dream  
That it's peachy keen

Dream, dream  
P-p-peachy keen  
Dream, dream  
That it's peachy keen

We got problems dripping off us  
I still want it, stop at nothing  
Overthinking, mind is limping  
You stay with me, I'll stay kicking

Bad psyche, entice me  
Cool Nikes, be mine please  
You're so screwed, just like me though  
I'm slightly scared, baby  
Lost in our heads, ain't we  
We're so screwed, don't mind it though

Sad clown and self-esteem  
Life is mean, yeah  
But we can dream  
That it's peachy keen  
Love like we're troubled teens  
No dopamine, yeah  
But we can dream  
That it's peachy keen

Dream, dream  
P-p-peachy keen  
Dream, dream  
That it's peachy keen
