I'm sat here biting my tongue hard  
You got this one guy friend who really pisses me off  
Yeah, I can see from a mile off  
You like to flirt in his car and tell him all about us  
I don't care what you call us  
But I'm not a story you save for turning him on  
Telling you now, he doesn't look at it equally  
If I was your boyfriend, then he might take it seriously

He pisses me off, he thinks that it's hot  
You're breakin' my heart, and he's gettin' off  
(Uh) You can tell him he's won, think that I've had enough  
He pisses me off, he thinks that it's hot  
You're breakin' my heart, and he's gettin' off (I know he's gettin' off)  
You can give him a go, think I'm gonna go home

Ah-ah  
Ah-ah  
Ah-ah  
Ah-ah

And I've been there before, tryna reason with men  
Who think my being is porn for the attention of them  
And someone shitty says, "It makes me feel sick  
Like how do you do it and don't you ever miss dick?"

He pisses me off, he thinks that it's hot  
You're breakin' my heart, and he's gettin' off (I know he's gettin' off)  
(Uh) You can tell him he's won, think that I've had enough (Uh)

(I'm sick of being a toy)  
I'm sick of being a toy  
(Fuck getting played by a boy)  
Fuck getting played by a boy  
(You two go 'head and enjoy)  
You two go 'head and enjoy  
(He's really pissing me off)  
He's really pissing me off
