

Read Ur Mind

L Devine

I wanna read your body language
But I find it hard to, mmm
I wish we had an understanding
Cos I'm only want you, mmm

I get a little nervous
Each time I get closer to you
Got me wondering why
I'm ignoring my pride
And the less that I know
The more I wanna be close to you
What you thinking inside?
Can you think of me sometimes?

And I wonder if I could read your mind
Would my name be underlined?
If I could read your, if I could read your mind
If I could read your mind then I'd want hearts to dot the I's
If I could read your, if I could read your mind

If I could read, If I could read
If I could read, If I could read your mind
If I could read, If I could read
If I could read, If I could read your mind

Am I being too demanding for always wanting more from you?
No I'm not taking you for granted, I'm just giving you the truth

I get a little nervous
Each time I get closer to you
Got me wondering why
I'm ignoring my pride
And the less that I know
The more I wanna be close to you
What you thinking inside?
Can you think of me sometimes?

And I wonder if I could read your mind
Would me name be underlined?
If I could read your, if I could read your mind
If I could read your mind then I'd want hearts to dot the I's
If I could read your, if I could read your mind

If I could read, If I could read
If I could read, If I could read your mind
If I could read, If I could read
If I could read, If I could read your mind

I feel it, do you feel it too?
What's on your mind now? Am I on your mind now?
I feel it, do you feel it too?
What's on your mind now? Am I on your mind now?
Am I on your mind now?
Tell me what I'd find

If I could read your mind
Would my name be underlined?

If I could read your, if I could read your mind
If I could read your mind then I'd want hearts to dot the I's
If I could read your, if I could read your mind

If I could read, If I could read
If I could read, If I could read your mind
If I could read, If I could read
If I could read, If I could read your mind
