

Wear my heart out on my sleeve  
Wear it like a champ  
It's hard to stay positive  
Standing on a ledge  
Sweet and gnarly the city is  
In the beauty and the filth

What's so cool about easy  
I wouldn't know  
What's so cool about easy  
Hard's how we roll

Can't find the middle ground  
It's comatose or grandiose  
They're gone now say goodbye  
To ones you need the most  
In the car wash having a cry  
I feel so all alone

What's so cool about easy  
I wouldn't know  
What's so cool about easy  
Hard's how we roll

Hard's how we roll  
Hard's how we roll

What's so cool about easy  
Nothing

The going gets rough  
Say goodbye  
Sweet and gnarly  
The tough get gone

What's so cool about easy  
I wouldn't know  
What's so cool about easy  
Hard's how we roll

Hard's how we roll  
Hard's how we roll

What's so cool about easy  
Nothing
