

Cooler Than Mars

L7

Cooler than Mars
Cooler than Mars

Cooler than Mars
Cooler than Mars

They say we're finite
Disposable, leave it all behind
It appears we didn't get the memo
From all the guys that are in the know

No one wants to live on Mars
Nothing wants to be on Mars, oh no, oh no, no, no
I've got nothing against Mars
But nothing wants to live on Mars, oh no, oh no, no, no

We're cooler than Mars
We're cooler than Mars
Right fucking here
By a long shot, yeah, yeah
We're cooler than Mars
We're cooler than Mars, oh yeah

Billionaires fly into Space
An ego chase for the human race
And they think we're all gonna get in line for the ride
So that's the plan? Leave it all behind

No one wants to live on Mars
Nothing wants to be on Mars, oh no, oh no, no, no
I've got nothing against Mars
But nothing wants to live on Mars, oh no, oh no, no, no

We're cooler than Mars
We're cooler than Mars
Right fucking here
By a long shot, yeah, yeah
We're cooler than Mars
We're cooler than Mars, oh yeah

Yeah, yeah, yeah, yeah yeah yeah
We're cooler than Mars
Yeah
We're cooler than Mars
Oh yeah, woo yeah
That's what I'm talkin' about, that's what I'm talkin' about
We're cooler than Mars
Alright
We're cooler than Mars
Oh yeah yeah yeah yeah yeah yeah yeah...

Cooler than Mars
Cooler than Mars
Yeah, yeah, yeah yeah yeah yeah

Cooler than Mars
Cooler than Mars

Cooler than Mars
Cooler than Mars

Cooler than Mars
Cooler than Mars
