

## Garbage Truck

L7

My love's like an ambulance transporting consciousness  
My love's like a garbage truck get trashed and I'll pick you up  
My love's like a battle tank devastation in her wake  
My love's like a garbage truck get wasted and I'll pick you up  
Get wasted and I'll pick you up  
Pick you up, pick you up

Why did I learn to bottle it up?  
Sleeping in the bed of your pickup truck  
How the hell'd fuck this whole thing up?

My love's like a crazy train off the rails off the chain  
My love's like a garbage truck get trashed and I'll pick you up  
My love's like a fire brigade event horizons set ablaze  
My love's like a garbage truck get wasted and I'll pick you up  
Get wasted and I'll pick you up  
Get wasted and I'll pick you up  
Pick you up, pick you up, pick you up

Why did I learn to bottle it up?  
Sleeping in the bed of your pickup truck  
When did love become this empty cup?  
How the hell'd fuck this whole thing up?

My love's like an ambulance transporting consciousness  
My love's like a garbage truck get wasted and I'll pick you up  
My love's like erotic tank defamation in my wake  
My love's like a garbage truck get wasted and I'll pick you up  
Get wasted and I'll pick you up  
Get wasted and I'll pick you up  
Pick you up, pick you up, pick you up
