

Gas Chamber

L7

Blindfold me and hang me high
Lethal injection, watch me fry

I won't flinch and I won't break a sweat
When I take the cyanide gas
(gas... chamber)

Only way you're gonna shut me up
Only way you're gonna shut me up

As I explained, look now man
Least your ma's pro cons in drag
(gas... chamber)

Watch me riddle him through the glass
Smiling as I take the last step
Justifiable homicide
